Subject:

Dear sir ,

Ideally excuse I couldn't answer soon because my net didn't work.

Of course ; supreme is a private company which was hired (contracted by Swedish) unfortunately i think Swedish armed forces was only the country in Afghanistan which hired the supreme (the worst company and carless company) in Afghanistan. it was a company which create a lot of problems for the interpreters .

It is the Fact that I got seriously threaten and warning from supreme. I was trying to talk with Swedish for asylum about my security problems But Unfortunately Supreme did warning me not to talk or say the problems to the Swedish Armed Forces.

During the screening

test (G2) really insisted and mentioned if something happen on you and your life you must tell us because I am your responsible . When a big incident happened on my home on date (14/04/2013)

. Seriously I reported directly to respected Swedish (G2) . at the same time the supreme leader ([REDACTED]) asked me to

his office. He seriously threaten and warning me . he warned I am responsible and your boss if you talk again with Swedish . I will fire you.

I was confused , Wondered and I was really so disappointed what should I do.

The supreme didn't care about our life, the. The supreme didn't care and support our food and our mission equipments. The Swedish allowed us for food before mission in the dining hall but Supreme didn't allow us. We

complain to respect Swedish (G2) about the pressure, Behavior and the reaction of supreme which insulted the Interpreters (us).

We had good relation and respect with our friends (Swedish Armed Forces) but supreme didn't allow me.

Dear respected sir,

I was directly hired by Swedish Armed Forces (G1).

We had good facility and good equipments particularly I had unforgettable times, and good memories with respected Swedish and their behavior and mutual respect. I am really proud of he Swedish Armed forces.

After a while when the supreme was contracted our misfortune time was started.

It is the story and the fact which is happened.

Kind regards
